

Re Contract

March 28, 2007

RNS Number:8858T
Computacenter PLC
28 March 2007

Computacenter plc is pleased to announce a five-year outsourcing agreement with BT Group covering desktop services and product supply.

The contract covers 112,000 assets across BT's global desktop and laptop estate. This new BT contract differs from the previous five-year old agreement in a number of ways, most notably in the addition of global coverage and in the fact that most of the PC assets will be owned by Computacenter.

Securing this contract helps underpin management's expectations for 2007 and beyond.
